

STEEL SECTION

Bearer Section 2.20mm Galvanized Mild Steel  No. ASTL12 wgt. 9.25kg ● L2550 x H100 x W50mm	Bearer Section 2.20mm Self Colour Mild Steel  No. ASTL42 wgt. 18.00kg ● L5000 x H100 x W50mm
Floor Wearing Strip Self Colour Mild Steel  No. ASTL172/5250 wgt. 1.78kg ● L5250 x W28.5 x T1.05mm	Treadplate Self Colour Mild Steel  No. ASTL1002 3 row wgt. 2.60kg ● L3048 x W35 x D6.5mm (overall) ● 4mm Steel

Q-Grating Planks

Galvanized Steel, Self Colour Steel, Stainless Steel & Mill Finish Aluminium

Highly aggressive grating, manufactured with a walking surface consisting of a high slip resistant diamond pattern matrix. The diamond pattern has a serrated surface and load supporting side flange.

● 38 or 51mm Depths

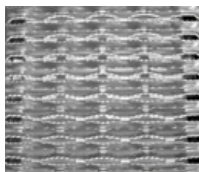

● Aluminium: 3mm material

● Steel: 2mm material

● 47 x 15mm Hole size

● High load capacity

● All sizes available to order

Q-Grating Plank Dimensions

Diagram illustrating the dimensions of the Q-Grating Plank. The diagram shows two cross-sections: Mild Steel and Aluminium/Stainless Steel. The Mild Steel section has a total width of 60mm, with 30mm on each side of the central hole. The hole size is 12.7mm by 12.7mm. The Aluminium/Stainless Steel section has a total width of 60mm, with 30mm on each side of the central hole. The hole size is 14.3mm by 14.3mm.

Plank Width (mm)	Depth (mm)	No. of Holes	Length (mm)	Mild Steel Weight Kg/m ²		Aluminium Weight Kg/m ²
				Depth 38mm	Depth 51mm	Depth 51mm
120	38/51	2	3048	40.5	43.2	17.5
180	38/51	3	3048	32.4	34.8	14.0
240	38/51	4	3048	28.8	30.6	12.5
300	38/51	5	3048	26.2	34.7	11.5
360	38/51	6	3048	24.8	26.1	11.0
420	38/51	7	3048	23.9	24.7	10.5
